INDUSTRIAL ROLL MACHINE

FTN-2020**FTN-2040****FTN-2060**

Specifications

Model No.

FTN - 2020 (One & Two line type)

FTN - 2040 (One line type)

FTN - 2060 (One line type)

Power 3-Phase, 110V/220V, 50/60Hz**Dimensions** FTN - 2020 (W650 x L5,100 x H1,400mm)

FTN - 2040 (W580 x L2,700 x H1,400mm)

FTN - 2060 (W580 x L1,900 x H1,160mm)

Capacity FTN - 2020 : One line type (1,500 ~ 1,800 rolls per hour)

Two line type (3,000 ~ 3,600 rolls per hour)

FTN - 2040 : One line type (1,000 ~ 1,400 rolls per hour)

FTN - 2060 : One line type (maximum 600 rolls per hour)

Features

- * Hygienically approved & Teflon-coat hopper.
- * Easy to operate and easy to disassemble for cleaning.
- * Very efficient for the large production in a short time with automatic operation and reduces manual labor cost.
- * Two line type makes 3 different sized Maki rolls in the range from $\phi 25$ to $\phi 45$ (mm).
- * One line type makes 2 different sized Maki rolls in the range from $\phi 25$ to $\phi 45$ (mm).
- * Makes California rolls and speed control attached.

Manufacturer

FTN FINE-TECHNO

156-24,Shingok-Dong,Uijeongbu-City,Gyeonggi-Do,Rep Of Korea
